Teacher's Grip Costs Job.

PORT JEFFERSON, Long Island, April 26.—Miss Susan G. Washburn, a school teacher, who, by the way of discipline, choked 7-year-old George Wheeler, Jr., it is said, and in return received a black eye from the boy's mother, has been dismissed. She would have been eligible for a pension for 36 years service had she remained until the close of the school year.

Constable Walker's appearance at the public school disclosed the dismissal. Miss Washburn reported for work as usual, whereupon the officer escorted her from the building. Principal Longwell has handed in his resignation, to take effect at the close of the school year.

SAN FRANCISCO, Cal., April 26.—
Representing the king of Italy, Com-

William B. Lamar, on behalf of the

plied to the friendly sentiments ex-

Distinguished visitors from Europe

Italian buildings form one of the
most impressive groups in the expo-
sition grounds.

the exposition. The parade formed
at the main entrance and proceeded
to the rostrum prepared for the
speakers. An organ recital was a
feature of the festivities.
